Art Unit: 1636

Claims 1, 3, 5-11, 13-15, 17-22, 49-76, 111 and 114-117 are allowed.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 23-48, 80-108, 112 and 113 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

With respect to instant claims 23, 80 and 82, and therefore dependent claims 24-48, 81 and 83-108, the terms “approximates” and “approximating” are undefined in either the specification or the prior art. It is not clear how close a degree of similarity the space between the barriers must be to the relevant cell dimension to have been regarded by one of skill in the art as “approximating” that cell dimension. Absent a clear definition, the metes and bounds of the instant claims are unclear.

Claims 112 and 113 employ the term “substantially” is undefined in either the specification or the prior art. It is not clear how close to absolutely parallel the barriers must be or how close to perfectly planar the barriers must be to have been regarded by one of skill as encompassed by the instant claims, respectively. Absent a clear definition, the metes and bounds of the instant claims are unclear.

Art Unit: 1636

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
